TREE SEEDSMEN

ATLANTA, GEORGIA, U. S. A.

OUR PAMPHLET, "HOW TO MAKE TREE SEEDS GROW," ON REQUEST WITH EVERY ORDER

D. H. Shoemaker

OCT 1 1924

THE FOLLOWING CONDITIONS GOVERN ALL TRANSACTIONS:

THE PUBLICATION OF THIS LIST CANCELS ALL PREVIOUS QUOTATIONS.

TERMS: Cash. Thirty days net or 2% discount for cash within ten days from date of invoice to domestic book customers. We expect remittance with order or other arrangements, satisfactory to us, from our foreign customers. PRICES ARE QUOTED AND REMITTANCES ARE EXPECTED IN U. S. MONEY.

ALL SHIPMENTS travel at customer's risk. After having taken receipt of transportation companies we are not responsible for delays, losses or injury to shipment while in transit. Customer's redress is with transportation companies only.

PARCEL POSTAGE. Domestic rates are governed by zone tariff. Parcel postage into foreign countries is 12c. per pound or fraction of pound. In addition to this a number of countries require payment of a surtax. Remittances should cover sufficient amounts for postage, etc.

NON-WARRANTY. We use the greatest care to have all our seeds, bulbs, plants, etc., pure and reliable, but they are sold without warranty and without any responsibility, express or implied, in respect to the crop. All sales are made under these terms. We are under no circumstances to be held responsible beyond the invoiced value of our goods and we cannot, under any circumstances, consider any claim after the goods have been planted. All claims must be made on receipt of goods.

This list is published before the actual extent of some crops of tree and shrub seeds, offered in it, is known and our acceptance of orders is not a warranty for delivery but is subject to crop accidents and limitations of crops. Failing to receive the full amounts ordered from our collectors and growers we reserve the right to reduce proportionately all orders which have been booked or to fill orders in rotation while supply lasts.

**THIS LIST CONFORMS WITH THE 1923
EDITION OF STANDARDIZED PLANT NAMES**

Conifers

Half ounce and quarter pound at ounce and pound rates, respectively. No seeds invoiced for less than 15 cents. Quotations on large quantities given by letter.

Owing to extreme weather conditions, especially in the West, during the growing season of 1924 the outlook for crops of several kinds of seeds is still uncertain at the time of our going to press. We, therefore, omitted prices. Write us about your needs of these kinds and we shall quote as soon as practicable.

IMPORTANT.—We exercise every care to send out tree seeds true to name. We cannot extend this guarantee to the result from sowing seeds of such varieties of conifers as "aurea, compacta, glauca, pendula, pyramidalis, violacea, etc." Our collectors are careful in gathering the seeds from trees showing the peculiarities of the variety but the seedlings will often revert to the mother form and as we have no way of testing the seeds as to their producing true to variety, we send them out without any warranty that they will come true any given percentage to variety.

Palm Seeds

IMPORTANT: Since palm seeds should be cared for by the planter as soon as possible after ripening and gathering, and as many kinds listed by us must be shipped to us over long distances, we have indicated approximately the months of ripening and orders should be in our hands well in advance of these dates to have best care.

Standardized Plant Names (1923 Edition, 546 pp)

is becoming rapidly the acknowledged standard authority for all dealings in and current literature about plants in the United States. It gives a satisfactory solution to the present confusion in nomenclature not by trying to give any new names but by harmonizing the present names. Its universal use will make correspondence about and dealing in plants easy and the book should be in the hands of every amateur and professional. It has been published not for profit but for the benefit of the horticultural public and it is sold far below its actual cost.

It is published in three styles:

STANDARD EDITION, bound in cloth for library and general use at	\$5.00
POCKET EDITION, flexibly bound in Fabrikoid, printed on India or "Bible" paper (weighs but 11 ounces, barely half inch thick)	\$6.50
INTERLEAVED EDITION, which is the Standard edition with blank pages between the text pages for additions	\$6.50

Delivered postpaid on receipt of price in the U. S. A. For foreign countries add 30c for postage.

Send us your order.

We adhere closely to "Standardized Plant Names" in our publications.
